## **PSM 2 (SEC\_4134) RESPONSE TO COMMENT FORM**

Session/Semester: 2425/8

**Instruction:** [Student] - Please complete sections A and B and present this to SV and evaluators with the Report Correction Form.

### **SECTION A: Student and project info**

<b>Name: ABDUL AZIM BIN ANUAR VEERA</b>	
<b>Project Title: COMPARATIVE STUDY OF BIO-INSPIRED OPTIMIZATION ALGORITHMS FOR FEATURE SELECTION IN INTRUSION DETECTION SYSTEM</b>	
<b>Supervisor: ASSOC. PROF. DR. ANAZIDA BINTI ZAINAL</b>	
<b>Project Type: RESEARCH</b>	<b>Matric. No.: A21EC0001</b>
<b>E-mail Add.: <a href="mailto:azim02@graduate.utm.my">azim02@graduate.utm.my</a></b>	<b>No. Tel/HP: 010-7774830</b>
<b>Examiner 1 Name: TS. DR. MOHD. ZAMRI BIN OSMAN</b>	<b>Examiner 2 Name: DR. MOHD KUFAISAL BIN MOHD SIDIK</b>
<b>Date: 17/7/2025</b>	<b>Signature:</b> 

### **SECTION B: Response to Comment**

#	<b>Comment from Evaluators</b>	<b>Response to comment</b>
1	Check the numbering format use in UTM Thesis Format	The numbering format has been corrected using UTM Thesis format
2	Need to check again your formatting according to UTM Thesis Formatting	The formatting have been changed according to UTM Thesis Formatting
3	Figure 3.2, the figure small and unclear. You can redo again using table in report.	I have done the sample using table format (Page 36)
4	My suggestion, any codes better to put in appendix. In report, usually we put equation, algorithm,	I have included sections of pseudocode in relevant parts

	pseudocode	of the thesis. I also have included the code in the Appendix C and D.
5	Justify in your report, why you are done with only 10 test run.	I have done the justification in Chapter 4 (4.4.3) (Page 59)
6	Can explain in details, what is the random features chose in every test run.	I have revised Chapter 5 (5.2.1)(Page 63) listing all the features selected by each algorithm and gave a detailed explanation of the features.
7	Any results that you achieved through the research study include it in your report. At least in appendix	All the results achieved have been attached in the Appendix
8	Revise the wording used for 1 <sup>st</sup> objective. Instead of “develop” use “apply”.	I have revised the objective (Page 6)
9	Include the word “Optimization” in the title of the thesis	I have revised the title of the thesis

I have read the corrected report and corrections have been verified.

Assoc. Prof. Dr. Anazida Zainal
